

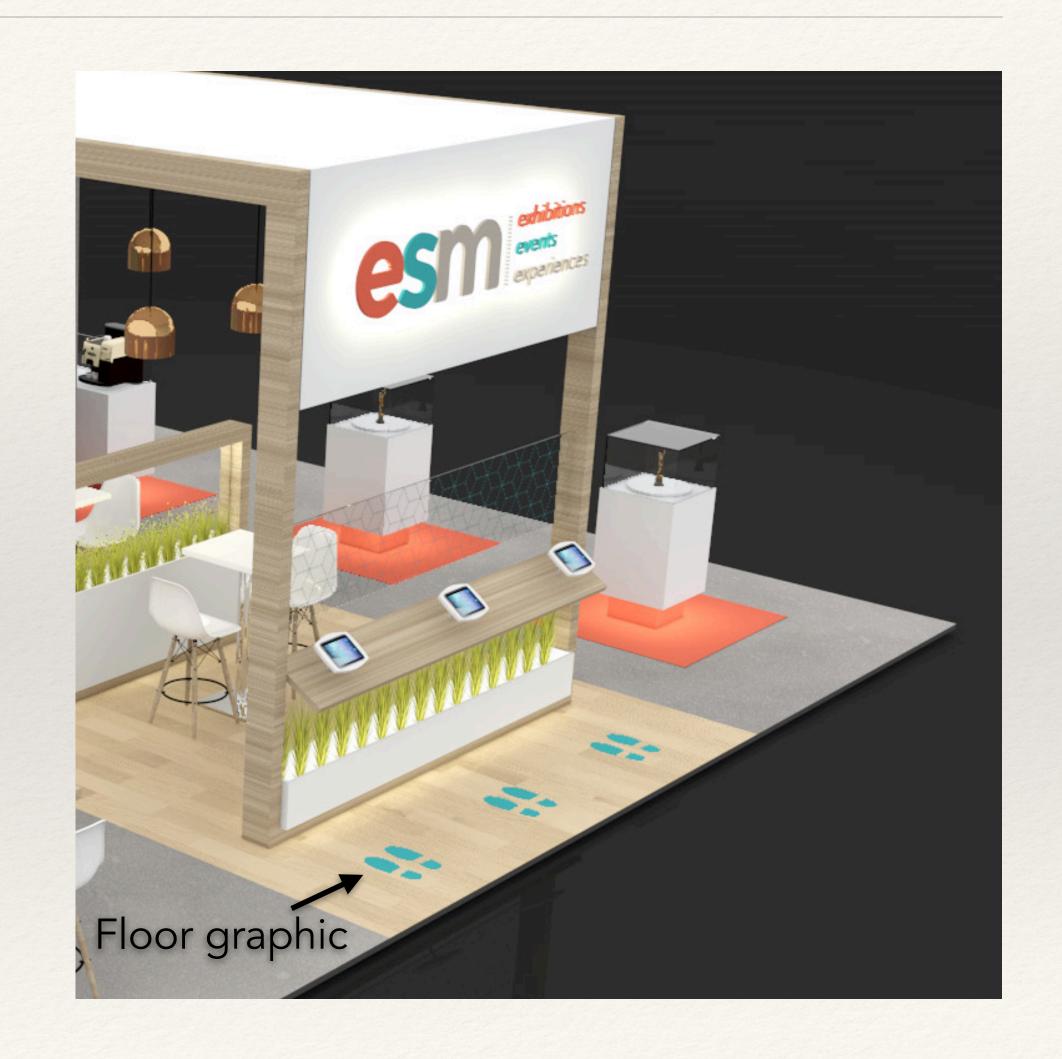

Exhibition Stand Ideas for the 'new normal'

A few thoughts as to how to make exhibitions safe in the age of covid 19

Flooring

- 1m grid flooring to delineate floorspace areas.
- Floor graphics to show/highlight boundaries
- Direct flow using led flooring or illuminated flooring

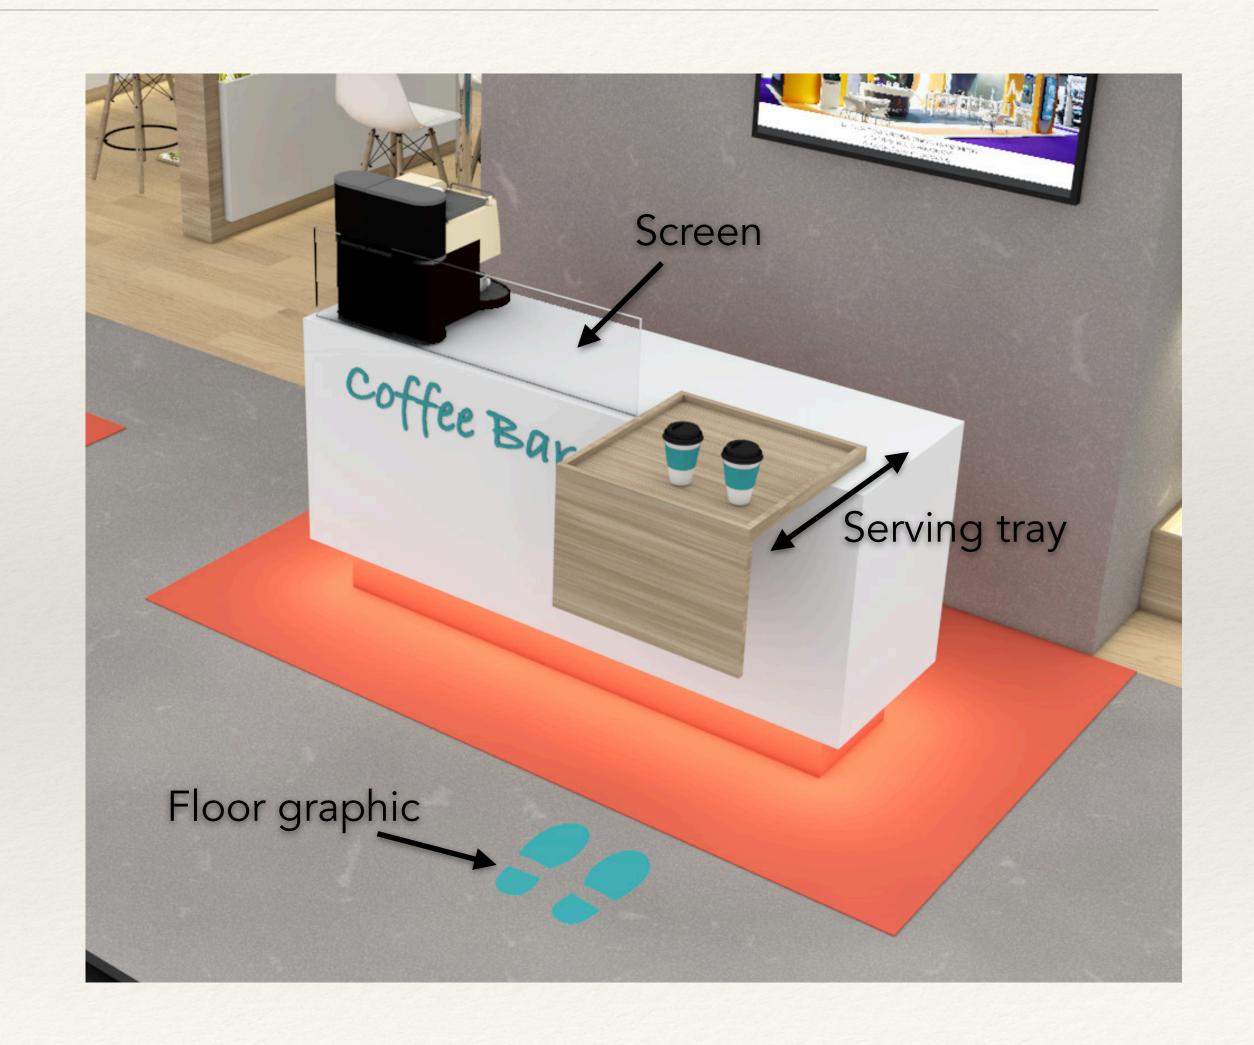

Store Rooms

- Individual keys allocated to staff authorised to enter store room
- Light, or 'occupied' sign to indicate when someone is in store room.
- Individual lockers/assigned 'touch' spaces for staff using store room.

Bar Counters

- Allocated 'bartender'
- Screen to preparation area.
- Sliding 'serving tray'.
- Single person service.
- Disposable cups.

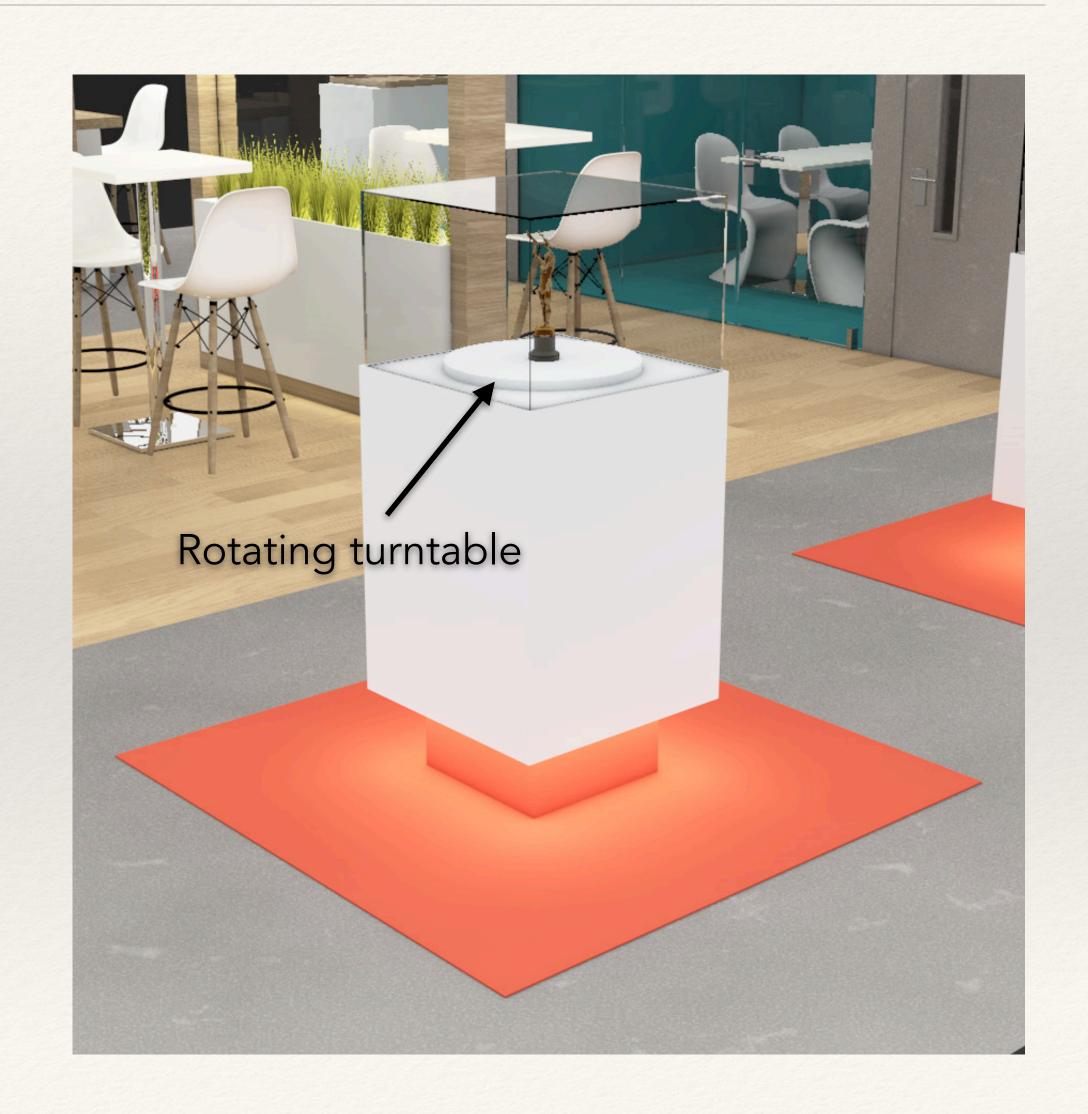

One on one demo areas

- Clear screen with hole to pass objects or shake hands (with gloves)
- Hand sanitiser, and wipes on counter.
- Drop hole for trash.
- Lockable counter storage.

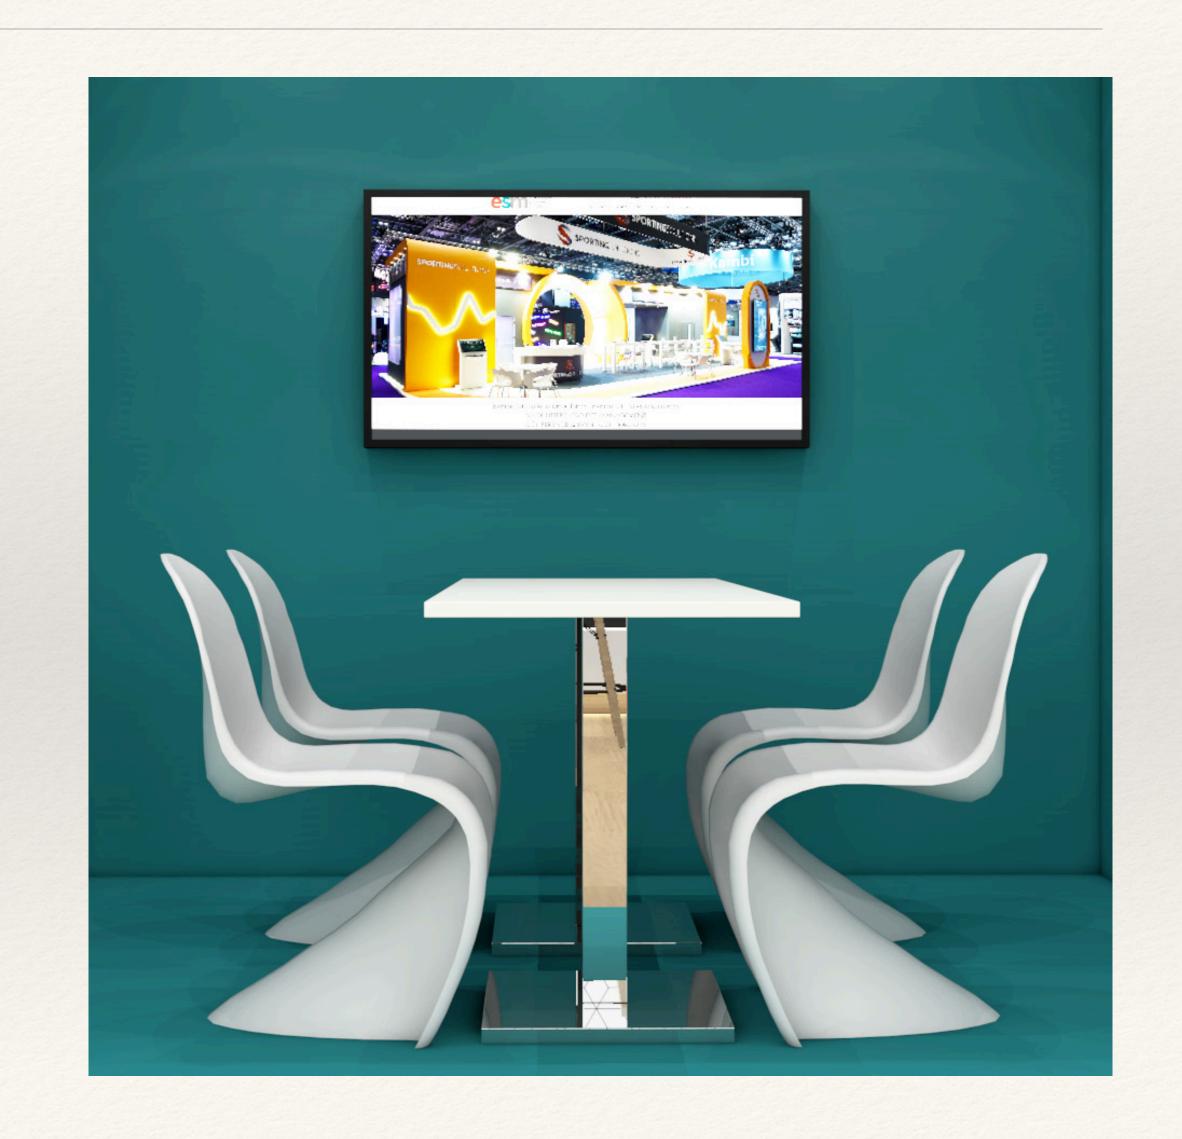

Product Display areas

- Product display behind glass/ plexiglass
- Rotating turntable for product.
- Floor graphic to delineate viewing space .

Meeting Rooms

- Meeting rooms to become as minimal as possible. Easy to clean surfaces, avoid fabric furniture.
- Entry to private meeting rooms conditional on wearing mask/visor and gloves.

Thank you
